**JUNE 22, 2022
TOWN BOARD OF WAKEFIELD
QUORUM AT A COLD SPRING PLANNING COMMISSION MEETING**

Board Chairman Cyril Erkens, Supervisor John Willenbring, Planning Commissioner Kevin Dierkhising and Clerk Heidi Stalboerger attended the Cold Spring Planning Commission meeting held on June 22, 2022 at 6:30 pm at the Cold Spring City Hall, 27 Red River Avenue South, Cold Spring, Minnesota. Members of the City of Cold Spring Planning Commission were present as well as Administrator Brigid Murphy, Engineer Brian Lintgen and CEDA member Dusty Liston by Zoom.

The meeting was called to order by Mayor Dave Heinen, who led the pledge of allegiance. The Planning Commission covered business on the agenda, including approving the agenda and a public hearing requested by a city constituent.

Ms. Liston joined the conversation regarding the comprehensive plan draft review. The Cold Spring Planning Commission reviewed the need for updating data and narrative from the last comp plan as well as the future transportation map, last drawn and discussed in 2012 (see attached).

The group, including the representatives of Wakefield Township, reviewed the previous map, identified possible roads, routes and bike/pedestrian lanes and paths that would be conducive for current and future commuting and transportation to provide for good traffic flow around and through the community. The group discussed prioritizing suggested routes based on current and future potential growth opportunities. The group discussed the possibility of County involvement in connections between County Roads and Highways, as well as the cost sharing of the infrastructure.

The group discussion was productive and agreed to continue discussions regarding land use at the next monthly Planning Commission meeting.

The Wakefield Township representatives disbursed after the Comp Plan Draft Review agenda item.

Respectfully Submitted,

/s/Heidi M. Stalboerger, Clerk
Wakefield Township

/s/Cyril Erkens, Chairman
Wakefield Township
